PROFESSIONAL EXPERIENCE

Business Analyst | Austco Polar Cold Storage

Feb 2026 - Present

Melbourne

- Designed and implemented Excel-based digital transformation solutions, including 10+ dashboards/reporting views and 20+ VBA/Power Query processes, improving operational visibility, invoice control, data accuracy and business decision-making.
- Built daily tracking, reporting and automation 10+ users across operations, administration, finance and management, replacing paper-based tracking and manual workflows with structured source-of-truth systems.
- Developed invoice reconciliation and billing validation processes comparing source-system activity against invoice PDFs, reducing checking time from 1-2 days to around 30 minutes and identifying \$175K+ in missing charges.
- Delivered measurable improvements, including ~90% manual tracking effort reduction, \$4K+ agency labor cost reduction within one month and ~\$200K delayed payment recovery supported through reconciliation evidence.

Market Research Analyst | Ipsos Public Affairs

Apr 2025 - Aug 2025

Melbourne

- Conducted 20-25 calls daily, collecting 1,800+ survey responses on gambling behavior, attitudes and risk patterns to support public policy research.
- Implemented data validation and quality checks across 100+ records per week, maintaining 98%+ data accuracy and improving reliability for downstream reporting.
- Completed 1,500+ data cleaning/transformation actions, including duplicate handling, missing value treatment and standardisation, improving dataset usability by 30%.

Project Leader | Australian Science Teachers Association

Aug 2024 – Dec 2024

Melbourne

- Consulted with 5 stakeholders to assess workflow pain points and proposed integrating 4 platforms into Monday CRM via Zapier, reducing manual effort by 30%.
- Cleaned, consolidated and migrated 2,000+ rows of Excel data into 5 Monday CRM boards; built real-time dashboards that replaced manual summaries and reduced reporting time by 40%.
- Redefined workflows using AS-IS/TO-BE BPMN modelling and designed automated onboarding flows, reducing approval time by 25%.

Project Assistant | Crypto Mobile Banking Development

Jun 2024 - Nov 2024

Remote

- Translated business requirements into 20+ user stories with a 6-member cross-functional team and managed delivery documentation in JIRA/Confluence.
- Designed 15+ UI/UX wireframes and authored a 40-page SRS with 10+ BPMN workflows, reducing rework and miscommunication by 30%.

EDUCATION

Bachelor of Business Information Systems | Swinburne University of Technology

Mar 2022 - Dec 2024

Melbourne

Achievement: 1st prize at Practera hackathon by building an AI-driven learning platform concept.
